

## Australian Vice-Chancellors' Committee

(INCORPORATED IN THE A.C.T.)

Australian Vice-Chancellors' Committee invites applications for the position of

### General Manager, Australian Academic and Research Network

The Australian Vice-Chancellors' Committee is the peak organisation representing Australia's 37 universities and it maintains a secretariat in Canberra. It has established the Australian Academic and Research Network (AARNet) to provide a high performance communications network to the members of the Australian academic and research community.

The appointee will act as General Manager to the AARNet, work directly to the Executive Director, AVCC in the AARNet Advisory Board and be responsible for the policy direction, resource management and general management of AARNet, including the supervision of technical staff.

The technical direction of AARNet is supervised by a Technical Director who is responsible for the technical establishment of the network and will continue to supervise all the detailed technical aspects of AARNet operations. The AARNet Advisory Board expects the role of the General Manager to be distinct from the technical role and to encompass the administrative management and further development of AARNet now that the technical aspects of the establishment of AARNet have been executed.

The appointment will be for a period of up to three years in the first instance. Salary will be within the range \$55,632 - 59,109 and a car will be provided. The appointee will be required to join the Superannuation Scheme for Australian Universities. Other conditions will be similar to those applying to staff at the Australian National University.

For further information, please contact Miriam Angus on (06) 2858203.

Applications should be addressed to: The Executive Director, Australian Vice-Chancellors' Committee, GPO Box 1142, Canberra ACT 2601 and should include details of experience, relevant qualifications and the names of two referees.

**Closing Date: 22 February 1991**
