Subj: Sorry for the errors

Alan

Wilber pointed out an error in my reply to the letter from Mullarvey.

Para 3 This was written with Geoff Hustons original Email message in mind. After drafting the reply I realised the context was wrong.

Para 5 I mentioned the morning of the 11th of Nov and it should have been the afternoon of the 8th of Nov when Geoff sent his history making caustic Email.

I made minor modifications to that letter and gave Wilber a copy for you. I also rang I an Hunter at home and advised him of my error just in case it altered his reply to Mullarvey!

Sorry for the errors!! I know...no excuses will be entered into!!

Regards  
Maxwell
