New Design for Graphic Design Unit

The new Graphic Design Unit will comprise a large section of self-help areas where staff and students can do their own artwork and poster production at a greatly reduced rate, under the supervision of Graphic Artist, Sue Gray.

Construction of the new Graphic Design Unit will soon begin on Level 2 (Ground floor) of the Prentice Building, opposite the Lecture Theatre at the west end of the building. Due date for completion is mid-semester.

Staff and post-graduate students will have access to lettering machines, cardboard, positionable mounting adhesive, a guillotine and other useful tools in the self-help area.

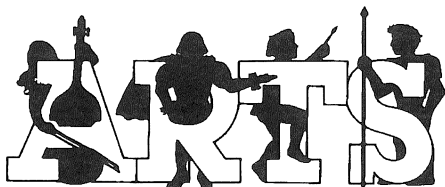

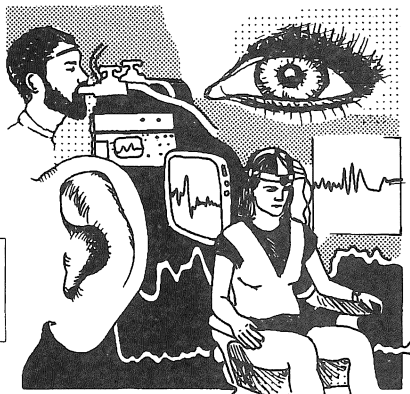

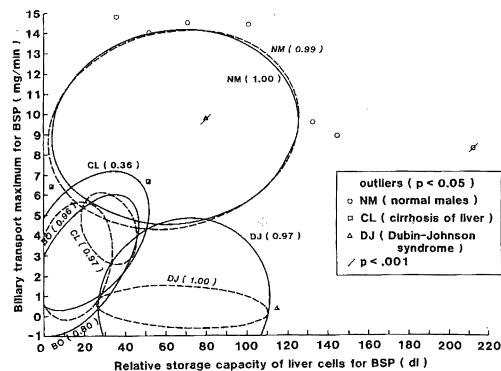

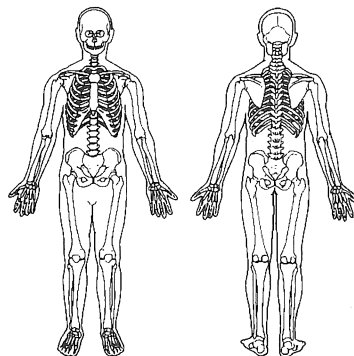

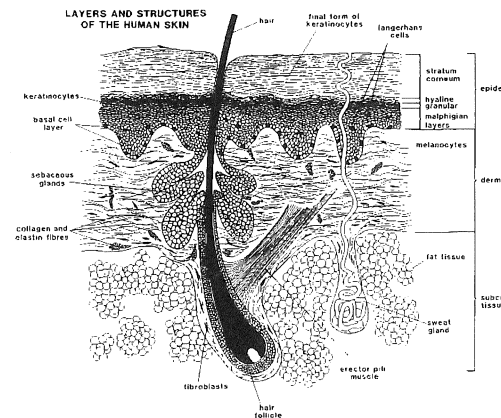

Sue can look after your Graphic Design needs such as preparing artwork for publication, graphs, paste-up work, and arranging phototypesetting.

At present, Graphic Design is available from Sue on Level 5 of the Prentice Building, and enquiries may be directed to 365 4336.
