A notice board detailing a Schedule of Operations for the PDP-10 is to be erected in the clients' room as soon as possible. The purpose of this is to outline the availability of the system for the current week. This will give users a guide when planning their runs and result in more efficient use of the system.

WEEKLY REPORT

The Computer Centre has decided to produce a weekly report for the benefit of computer users. This will contain details of operations as well as various items of information pertinent to programming or computer services. The report will be made available in the foyer of the Computer Centre each Friday afternoon (barring public holidays); it is not intended to distribute the report by mail. All programming information published in this weekly report will be consolidated and included in the monthly Bulletin which is available to all computer users on request.
