

# Winter Networkshop

University of Central  
Queensland  
Rockhampton  
14-16 July 1993

## *'Network Development and Security'*

### Sponsored by -

- Department of Business, Industry and Regional Development, Qld State Government
- Digital Equipment Corporation
- Queensland Education, Science and Technology (QUESTnet) Management Committee
- Apple Computers Australia

### Hosted by -

Information Technology Division, University of Central Queensland

This Networkshop conference builds on previous QUESTnet Networkshop's in providing access to, and information regarding, the latest developments in computer networking. The theme of the conference *"Network Development and Security"*, emphasises the need for control over the network while investigating the pressures for delivery of unrestricted expansion of both nodes and services. As voice and data networks are converging there will also be a presentation on integrated voice / data networks.

The State Government is a major sponsor of the Networkshop and has been working with the QUESTnet Management Committee in the development of a high-performance network in Queensland for the academic and research communities.

The prime purposes of QUESTnet are to:

- Promote development through the exploitation and development of computer-based data networks

- Promote collaboration and technology exchange through networks between commerce and industry, the government and the teaching and research institutions
- Train and inform network managers, technicians and user support staff in the planning, implementation and operation of networks and their applications.

An invitation is extended to all those with an interest in communications, in particular

- Industrial and commercial executives and senior staff who are interested in establishing direct links to the research capability and networking facilities of the QUESTnet partners.
- End users of the network such as academics, researchers, distance educators and tertiary administrators
- Network Managers and computer services staff
- Telecommunications carriers, service and equipment providers
- Librarians

## Registration

QUESTnet Winter Workshop  
Information Technology Division

## Queensland Education, Science and Technology Network

### 1993 Conference and Workshop.

QUESTnet is the Queensland region of the Australian Academic and Research Network (AARNet)

---

#### Program

Travel arrangements may necessitate arrival at Rockhampton on 13th July 1993. A Get-To-Know-You Cocktail party will be held on the evening of 13th July 1993.

##### Day one:- Network Access

Keynote: Dr. Brian Cook, Network Access Issues  
 Encounters with a CDROM Network!  
 Integrated Digital Networks  
 AARNet - its mission, direction  
 Library Online Information Access  
 Network Management Tutorial  
 PP - Postman Pat & X.400  
 Intergrated Voice and Data Networks, a Case Study  
 BOF - I've got a problem

##### Day two:- Security

Keynote: Prof Bill Caelli, Security Architectures in OSF and OSI  
 - Contrast and Concurrence  
 Security and DCE  
 Systems Security  
 Authenticated Dial-In  
 ACSAS (Australian Computer Security Advisory Service)  
 Profile of Attacks - How to improve your Security

#### Contact

Glenda Twiner  
 Information Technology Division  
 University of Central Queensland  
 Rockhampton. QLD 4702

Authentication Techniques  
 Network Security vs Host Security  
 Security BOF Panel question / answer  
 Hacking Recognition

##### Day three:- Networking into the future

Keynote: Mike Zastrocky, Vice-President of CAUSE,  
 Networking and IT Issues for the 21st century  
 NREN and Gigabit Backbones, The impact on Higher Education  
 Multimedia & Broadband Communications  
 Developments in High-Performance Computing and  
 Communications in Queensland  
 ATM  
 Forces driving Networking

Organisations presenting these sessions include:

- CISCO
- SUN
- ABL Canada
- Ericsson
- Aust. Federal Police
- DEC
- Apple
- Synoptics

Tel. (07) 309237  
 Fax. (07) 309254  
 E-mail: Questnet93@ucq.edu.au  
 Current program information available via:  
 Gopher @ info.ucq.edu.au  
 FTP @ jasper.ucq.edu.au

#### Registration

	Prior to 31/5/93	After 31/5/93
AVCC Members and Affilates	\$110	\$150
non AVCC Members and Affilates	\$200	\$250

(Registration Fees include all sessions, lunches, teas and Networkshop Dinner)

\$.....

#### Accommodation

Accommodation at Capricornia College @ \$35/night bb From ...../7/93 to ...../7/93 (inclusive)  
 (Accommodation at off-campus hotels or motels should be arranged through your Travel Agent)

\$.....

#### Payment

I wish to pay by cheque (payable to University of Central Queensland) \$.....

I wish to pay by Credit Card  Mastercard  Visa Card  Bankcard

Card Holders No.

Card Holder's Name : .....

Amount : \$..... Expiry Date : ...../...../.....

Signature : .....
